

The background features a large, abstract geometric design. A prominent red shape, resembling a stylized arrow or a large 'V' rotated 45 degrees, points towards the top-left. To its right, a yellow shape, also a stylized arrow or 'V' rotated 45 degrees, points towards the bottom-right. The background is filled with a network of thin grey lines connecting various points, creating a complex, interconnected web. The text is centered within this network.

**The Synergy Effects of  
XEC and XET**

## **What is Eternal Coin (XEC)**

---

Eternal coin is not the cryptocurrency that used for payment settlement, but a hub currency during the exchange between different Fiat Currencies.

Therefore, for those who want to perform overseas remittance or money exchange, it is NOT NECESSARY to have/ to own an Eternal Coin.

Eternal Wallet is invented to provide overseas remittance and foreign currencies exchange at the lowest cost in the world.

The logic that conducts currency exchange at the world' s lowest price requires Eternal Coin, and the fee incurred during currencies exchange and overseas remittances performed via Eternal Wallet will partly rebate to the Eternal Coin holders. This is to assure the advantage of owning / holding Eternal Coin.

- It is a cryptocurrency issued by Atom Solutions, Japan.
- Adopted with exclusive authorized exchange system in the world.
- There are currently 3 authorized exchanges in 3 countries and we plan to expand over 10 countries within the year.
- The feature of Eternal Coin is not the cryptocurrency itself but the Eternal Wallet.
- Under the authorized exchange system, Eternal Wallet has achieved multi currencies wallet that can deal with various fiat currencies.

### **【What is Eternal Wallet】**

Eternal Wallet is a platform where users can manage their account and take advantages of the following features:

#### **Transfer via Phone Number Feature**

Fiat currency or Eternal Coin can be sent between Eternal Wallet users via Phone Number only.

#### **Dividends Distribution Feature**

A percentage of the transaction fee generated from the Eternal Wallet will be rebated to Eternal Coin holder once a week.

#### **One-Touch Transfer Feature**

After exchanging between different fiat currencies, user can make the transfer to the receiver in just a few seconds.

#### **Value Division Feature**

The feature will divide Eternal Coin into smaller unit when its value increased to a certain amount.

### **【New Feature Coming Soon】**

#### **Currency Exchange Feature**

Currency Exchange refers to a currency exchange between different fiat currencies via Eternal Wallet. The feature provides currency exchange at the world' s lowest cost and the converted fiat currency can be transferred to anywhere in the world in just a few seconds via Eternal Wallet. Unlike any bank' s overseas remittance services, the transfer between Eternal Wallet users is under P2P, in order to reduce the transaction fee into approximate 5 cents + 0.5% of the interbank exchange rate. This feature not only provides the world' s lowest cost of currency exchange but also transfer in just a few seconds.

## What is Eternal Token (XET)

XET refers to the token that can be exchanged with Eternal Coin (XEC) at 1:10 ratio. XET is tradable with other cryptocurrencies on global exchanges.

### **[Benefits of XEC and XET Existence]**

When XET has an equivalent value to XEC, is getting traded on various exchanges all over the world, the price gap occurring between XET and XEC is predictable, and there will be users to perform arbitrage trading and fill up the price gap.

In other words, the existence of XET improves the liquidity and market circulation of both XEC and XET. Meantime, it will also increase the bonus distribution to XEC holders.

Moreover, in order to perform overseas remittance with Eternal Wallet, there is a certain number of XEC traders required. The existences of XET and XEC are contributing to increasing of XEC traders.

In summary, by issuing 2 cryptocurrencies XET and XEC, we are able to achieve our goal in providing overseas remittance services at the world' s lowest cost via Eternal Wallet.
